Chapter 1

Welcome

Jasonelle Family is made of several components that share *JSON* as the main language.

Chapter 2

History

Jasonette was created by “*Ethan Gliechtenstein*”, a New York developer. Probably from Bushwick. Who’s real identity nobody knows.

Jasonette core began in Late 2014 as an app named “*Ethan*” (<http://www.textethan.com/>)

It got quickly popular.

Some time after that Ethan began extracting the core, refining the api and creating documentation.

After finally releasing the first version of *Jasonette* on November 3th 2016
